For Immediate Release

NHS & PNC Make Good Neighbors

The PNC Foundation recently contributed a check in the amount of \$4,000.00 to Neighborhood Housing Services (NHS) of Lackawanna County.

The contribution will assist NHS in offering its popular homeownership counseling and education programming, including homebuyer education workshops, individual homeownership readiness counseling, and foreclosure prevention services. NHS' education programs stress the importance of homeownership to personal financial stability and highlight it as a key to effective community development and improvement. NHS also contributes to homeownership in the region by providing competitive, fixed rate mortgages with 100% financing to qualifying borrowers.

At the check presentation are Kevin E. Rogers – left – V.P. Community Development Banking of PNC Bank and Jesse J. Ergott, NHS Executive Director.

For more information about NHS, call 570.558.2490 - or visit them on the web www.nhslackawannapa.org.
